

# Friendship Bracelet

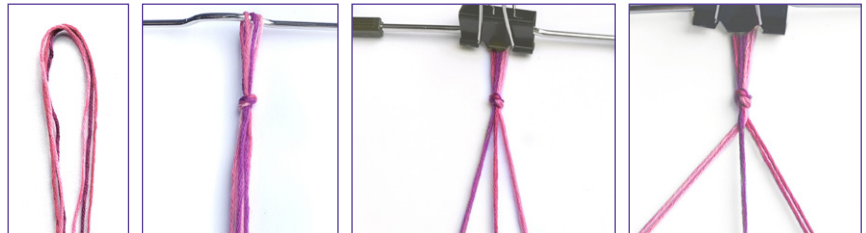

## SUPPLIES

- Assorted thread
- Scissors
- Safety Pin or binder clip

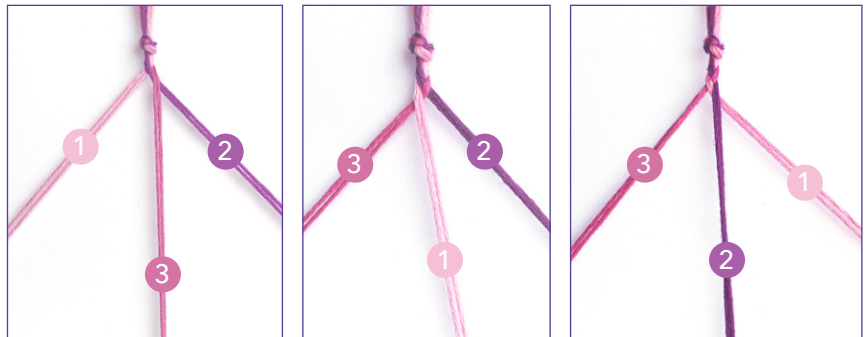

Use similar colors for a cool blended/ombre look

For each color, cut a length of thread each around 24" long. Gather all of your strings together and fold in half. Tie a knot a couple of inches from the top.

Use a safety pin (or binder clip) to secure the string to a secure surface so it doesn't slip away as you are braiding. Spread each of your strings apart and start braiding!

String 3 crosses over string 2.

String 1 crosses over string 3.

String 2 crosses over string 1.

Repeat until you've braided the entire length of your strings.

Finish with a knot.

## HELPFUL TIP!

For a tidy, even braid, keep a taught grip on your strings as you braid.

# BRACELET *gift card*

Add your friendship bracelet to this notecard for your BFF!

Print your Claire's card (preferably on card stock or thick paper). Carefully cut along solid lines and punch holes in the printed guides lines with a hole punch. Thread your bracelet through the 2 holes.
