

2021 fizzy PARTY PUNCH

Follow our recipe for a show stopping fizzy drink that will make any New Year's party an instant hit!

INGREDIENTS

your favorite sparkling soda (hint: we like a strawberry or cherry flavored soda to get the pretty pink color!)

cotton candy

corn syrup

sprinkles or colored sugar

INSTRUCTIONS

Step 1. Get two shallow dishes, one to pour a small amount of corn syrup in and one to pour some of your sprinkles or colored sugar in. Then, find the perfect festive glass and roll the rim lightly in the corn syrup and then roll the corn syrup rim in the sprinkles/sugar.

Step 2. Once your rim is all sugary - take a handful of your cotton candy and place it into your glass (don't be shy, it's a holiday!)

Step 3. After each glass is filled with cotton candy, carefully pour the sparkling soda of your choice over the cotton candy. You will see an awesome bubbly creation start to form!

Step 4. If you're feeling extra festive, jazz up your drink with some extra garnish! We love maraschino cherries, extra cotton candy or a fun straw!
