

# claire's **DIY** Puffy Paint!

## PAINT INGREDIENTS

Shaving Cream  
School Glue  
Food Coloring

## TOOLS

Small Bowls  
Paint Brushes  
Straws or Popsicle Sticks  
Paper

## OPTIONAL

Glitter  
Gems  
Pom Poms  
other decorations

Follow these easy step by step instructions to let your creativity shine!  
This fluffy puffy paint makes it easy to bring your favorite drawings to life!

- Step 1:** Decide how many colors you want - that is how many small bowls or containers you will need!
- Step 2:** Pour a generous amount of glue into each container.
- Step 3:** Add an equal amount of shaving cream to the bowls. The mixture should be equal parts glue and shaving cream!
- Step 4:** Add a few drops of food coloring to the containers! Don't go too crazy - when the puffy paint dries it will turn darker!
- Step 5:** Use straws or popsicle sticks to stir the mixtures!

- Step 6:** Grab your paint brushes and paper and start painting! You will need to use a pretty heavy amount of puffy paint to get the pretty fluffy paintings you see here!
- Step 7:** To add a little Claire's magic, add fun gems or pom poms to your masterpiece!
- Step 8:** Let your work of art air dry and be careful to avoid any smudges!
